AGNES Moibility 2018 Compulsory Form

Full Name of Applicant:

Discipline: (E.g Biology)

Sub discipline/ Field of Research: (E.g Marine Biology/ Animal Physiology)

Nationality:

Year of graduation:

✓ Checklist

- The Application is prepared in English.
- Letter of motivation from the applicant.
- Short proposal for the research visit. Do not send the entire research proposal for your dissertation/thesis.
- Work schedule in tabular form showing dates and planned research events.
- The scientific host must agree in writing to the proposal and time schedule.
- CV of applicant (supplied).
- Proof that applicant is registered for a Masters or PhD degree for 2018 (2018 An admissions letter or bank receipt is not sufficient proof.)
- Attach copies of the applicant's official transcripts and the official explanation of the grading system for undergraduate and postgraduate degrees.
- A list of Publications (including an e-copy of the title/author page), or proof of other research outputs (e.g. Abstracts for conference posters, talks, presentations, etc.).
- Travel cost between two countries (home and host) and attach 2 quotes for the journey including return travels. A quote from a travel agent will be accepted, or an online quote from the airlines showing the route of travel, date and cost.
- A budget of estimated cost of living (rent, meals, local transport, medical aid). Please ask for assistance from the host to put together a reasonable and conservative budget. Note: hotel accommodation and restaurant meals are not conservative or reasonable.
- Invitation letter from the scientific host confirming that place to work will be available, and whether the research cost allowance is required, and the amount if, indeed, required.

Please make sure everything is completed and all boxes has been ticked for your application to be successful.
